SNACKS TO TOP UP

2-scoop shake with oats · PB & banana on bagel · trail mix · soya yogurt & granola · roasted edamame · protein flapjack · hummus & pitta.

PREP ONCE, EAT ALL WEEK

Batch-cook rice & quinoa · press & bake big tofu trays · cook a seitan loaf · keep blended shakes ready. Eat in a slight **surplus** — add a shake on training days.

HIT YOUR NUMBERS

Aim **1.6–2.2g protein/kg**. A scoop adds ~25g, 250g tofu ~38g, 200g seitan ~50g. Spread protein across **4–5 meals** for the best growth response.

Built for gaining size alongside hard training — portions are big on purpose. Scale grains & fats up on training days, down on rest days. General guidance for healthy adults, not individual medical advice — tell Joe about any allergies or conditions.
